HUMBOLDT CELEBRATES

LABOR DAY IN STYLE

Humboldt braces for its grandest Labor Day yet, drawing over 1,000 eager excursionists on September 2nd. Committees tirelessly orchestrate every detail, guaranteeing a resounding success. A thrilling \$500 baseball tournament headlines the festivities, complemented by a lively \$250 rock drilling contest and a heart-pounding half-mile horse race offering \$200. Bronco busting, rousing tug-of-war, and a variety of other athletic events fuel the day's merriment.

Excursion rates blanket the territory, and a special train journey from [Name of your city] to Humboldt extends discounted travel from Phoenix to Flagstaff.

The renowned Phoenix band serenades the event, promising a vibrant atmosphere. Eye-catching red and blue posters trumpet the impending excitement, spread across the north. Humboldt confidently anticipates welcoming its largest Labor Day crowd ever. Executive president J.J. Reddick, alongside secretary R.A. Campbell and treasurer J.D. Bethune, leave no stone unturned, leading dedicated sub-committees in meticulously planning every element.

Sky Daddy Singer Songwriter

Guitarist extraordinaire Sky Conwell (known as Sky Daddy on stage) has been a leader in the Prescott Music Scene for nearly a decade both with his solo career and with his bands.

Sky plays and sings "American Music" on acoustic guitar and sometimes harmonica too.

Songs are a diverse mix of popular country, acoustic rock, folk, blues, jazz, rockabilly, and Americana.

He excels at finding the right song for the audience and is careful to play the right genre for the venue. He also often throws in some of his original tunes when appropriate.

YAVAPAI COUNTY'S OLDEST LOCALLY OWNED PROPANE COMPANY

At Yavapai Bottle Gas, we have been committed to our customers and to customer service since opening in October of 1987. Back then, no other propane company wanted to deliver to smaller propane tanks and RVs, so Yavapai Bottle Gas was created to fill that niche of the market.

We started with a one-ton pickup truck with a 500 gallon tank mount.

Now our largest bobtail holds 6,000 gallons that can deliver around 70 to 80 gallons per minute. We have several boom trucks to set up and deliver tanks for any new tank sets we get and a fleet of propane transports to bring our propane to us from locations throughout the state.
